

# Integrated Architecture On Tour

We have your front-row ticket to a group of hands-on sessions designed to introduce you to the benefits of Rockwell Automation's Integrated Architecture for control and information for the plant floor.

- Solve Multiple Applications with one Control Platform – sequential, process, motion and drives
- Optimize Manufacturing
- Improve Plant Uptime
- Reduce Time to Market
- Access Plant Floor Data for Intelligent, Real-time Decision Making

## Hands-On Training with these Integrated Technologies

ControlLogix and CompactLogix Controllers with  
RSLogix5000 Programming Software  
Networking with EtherNet & DeviceNet  
RSView Operator Interface Software & PanelView Plus  
PowerFlex 40 VFD w/ DeviceNet

**To Register:** Call us & ask for Linda, 831-424-2062 x1122 OR

**E-Mail:** [lteves@buckles-smith.com](mailto:lteves@buckles-smith.com) OR

[www.buckles-smith.com](http://www.buckles-smith.com)

**Cost:** \$99.00, Includes Lunch & Training
